PROFESSIONAL SUMMARY

Systems Administrator and Technologist with over six years of Tier 2 experience managing complex IT infrastructure. Highly skilled in desktop, network, and cloud support, with a strong focus on security, compliance, and operational efficiency. Proven ability to translate technical expertise into practical, reliable IT solutions that drive business success and keeps operations running smoothly.

PROFESSIONAL EXPERIENCE

Desktop Technician

Rocket Mortgage (formerly Mr. Cooper / Pacific Union Financial)

Coppell, TX | Feb 2019 - Present

- Field incoming help requests from end users, delivering Tier 2 technical support across desktop, network, and mobile environments for 1,000+ users, providing excellent customer service to ensure maximum uptime.
- Perform direct resolution at the desktop level, installing, upgrading, and supporting Windows systems, laptops, printers, network switches, cameras, wireless APs, and VPN/VoIP systems.
- Oversee user accounts, security groups, and permissions using Active Directory, Azure, and Intune.
- Adhere to organizational asset, change, problem, and incident management processes within enterprise ITSM systems, ensuring accurate tracking of all IT hardware and software inventory.
- Support and maintain AV and telecommunication equipment for meetings and remote sessions.
- Design and deploy an AI-powered Python chatbot, improving Tier 1 support efficiency and reducing ticket resolution times, and identifying opportunities for process improvement.
- Manage staff training during the Pacific Union to Mr. Cooper system transition, piloting new systems, and facilitating team adoption.

Purchase Compliance Auditor II

Pacific Union Financial - Farmers Branch, TX | Jun 2014 - Feb 2019

- Audited mortgage portfolios exceeding \$60 million monthly to ensure compliance and mitigate risk.
- Collaborated with multiple teams to verify data integrity, document control, and system accuracy.
- Trained new staff and external vendors, improving audit consistency and workflow efficiency.
- Assisted with software testing, data validation, and documentation control during system transitions.

Home Services Specialist II

Bank of America - Las Colinas, TX | Nov 2011 - Jun 2014

- Processed and underwrote mortgage loans with 100% accuracy, maintaining compliance with federal standards.
- Coordinated workflow between departments, minimizing processing delays through proactive communication.
- Oversaw confidential financial data, ensuring 100% regulatory compliance and maintaining stakeholder trust.
